Careful refurbishing has enhanced the architectural features of the village's medieval buildings, stone homes, chapel and picturesque streets, maintaining intact its rural imprint consistent with the authenticity of the territory. Borgo San Felice offers 5 star luxury accommodations that include 25 Guest Rooms and 24 Suites scattered throughout the buildings of the historic village. In this luxurious oasis, pampered by the beauty of the surrounding nature and the comfort of the Relais & Chateaux, guests will have an unforgettable experience of pleasure

for all the senses. The 5 star hotel, Borgo San Felice, welcomes its guests in comfortable, elegant rooms which include 25 Guest-Rooms and 24 Suites scattered throughout the historical buildings of this medieval village. Some are located in the palace that was once the home of the Marquis of Taja; others are situated in the ancient houses located in the vicinity of the village's main square. Careful and accurate refurbishing carried out with special attention to each and every detail has maintained intact the rural aspect of these ancient buildings. The rooms and suites have inherited from the past handcrafted antique furniture, precious fabrics, wood-beamed ceilings, terracotta tile floors, stone arches and bathrooms decorated with lovely, luxurious Tuscan tiles. Careful selection of colors and dyes and rigorous attention to detail helped to recreate a true, authentic atmosphere of these ancient aristocratic manors. The Wellness Center is an area designed following the perspectives of Dr. Paolo Vranjes, cosmetologist, pharmacist and chemist, committed to beauty, wellness and cosmetics since 1983. The Spa, located in a completely renovated oil mill, offers 350 square meters entirely dedicated to the care and wellness of the body and mind, where atmospheres from the past beautifully blend in with the most modern and exclusive body and beauty treatments. It is possible to choose between a vast range of body and beauty treatments, all sharing the same bond that connects science to nature. For better care of the body and to ensure moments of relaxation, a fitness center, complete top quality equipment has been set up across from Spa.
