This beautiful apartment for six persons is one of four luxury apartments at the chalet that was completed in 2010. The house is situated just a short walk from the Nasserein lift station in St. Anton am Arlberg. Therefore it is ideal for ski holidays with family and friends. The guests of the apartment have access to a shared spa area of the chalet on the lower floor comprising a hammam, shower and loungers. The chalet is equipped with a ski room and a small laundry room with washer and tumble dryer, both for shared use. The extensive use of wood in the apartment creates a cosy atmosphere of a traditional alpine chalet. The spacious light-flooded living room with an open plan, fully equipped kitchen and a rustic dining area seating up to 12 persons is the heart of the apartment. The master bedroom leads to a terrace with views over the piste. Two further double bedrooms can be configured as twins. One of the bedrooms is equipped with a flat-screen TV and DVD and has a direct access to the terrace. This apartment can be rented on catered or a self-catered basis. The catered option includes champagne
