DOMIZILE REISEN

The three mountain chalets Hochleger present sophisticated home decor with alpine touch: moon beaten woods such as pine, larch, fir and various waste woods encounter natural materials such as loden and linen. Everything that is high quality, has found its place here. Centuries-old furniture, restored with great attention to detail, give the chalet its own special charm.

Each of the unique chalets in luxury edition has its own color and material concept. All kitchens are handcrafted in old craftsmanship from solid wood and provided with stone countertops. An open-air bathtub with views of the valley is an unforgettable moment. The hunting lodge offers comfort on two levels in an alpine décor:

With a total of 108 sqm, the hunting lodge offers space for a minimum of 4 and maximum of 8 persons. Tasteful greens and browns blend with rich fabrics. With antlers and trophies from its own hunting ground, the decoration clearly follows the theme of hunting. A hidden gem of comfort ensures a homely atmosphere: The open fire from the South Tyrolean Dolomites in the living room situated on the first floor is ready to be heated on a daily basis . The road up to the mountain chalets Hochleger is cleared daily during winter, still winter equipment and snow chains are mandatory.
