that is high quality, has found its place here. Centuries-old furniture, restored with great attention to detail, give the chalet its own special charm.

Each of the unique chalets in luxury edition has its own color and material concept. All kitchens are handcrafted in old craftsmanship from solid wood and provided with stone countertops. An open-air bathtub with views of the valley is an unforgettable moment.

The very generously arranged Sportchalet is particularly suitable for families with children or a group of friends. The modern color scheme and the combination of contemporary and young designs with traditional Alpine style elements create a pleasant holiday atmosphere.

The road up to the mountain chalets Hochleger is cleared daily during winter, still winter equipment and snow chains are mandatory.
