The exclusive property Domaine de Canaille is located in Cassis, one of the most charming and picturesque villages at the French Riviera. With its 60 hectares it is the largest private estate in the Calanque National Park and is overlooking the Mediterranean Sea. There is a private access to a beach within 5 minutes walking distance. The villa was completely renovated by the owners in 2017 and combines classic French elegance, stylish simplicity and contemporary comfort. White walls, wooden floors and the refined, discreet furnishings underline the special ambience of the villa. The villa has 600 sqm of living space and extends over 3 floors. It impresses by its generous, light-flooded rooms and magnificent sea view. The 9 bedrooms vary in room size and bedding arrangements, all but two have their own en-suite bathroom. 2 more bedrooms each with en-suite bathroom will be available from February 2020. The fully equipped kitchen will inspire gourmet chefs among the guests to prepare delicious meals. Various beautiful terrace areas with dining table and lounge furniture, a heated saltwater pool with wooden deck and sun loungers as well as a courtyard with boule area invite you to relax under the Mediterranean sky. Domaine de Canaille is rented as entire holiday villa and is ideal for family reunions, company seminars and meetings. Weddings and events for up to 130 guests can also be organised in Domaine de Canaille (at extra charge). On specific dates during the year Wellness retreats take place in Domaine de Canaille. At these times rooms can be rented individually. Please ask for more information. [Different rates](https://www.domizile.de/h/2804/events_canaille.pdf) become effective, if the Domaine will be rented as a location for weddings, receptions etc.
