Here you will find a warm welcome that evokes the golden years of the Dolce Vita, a time that made Capri a privileged destination for the jet set from all over the world, a timeless ambience of beauty and culture. For this reason, each room and suite at Villa Marina bears the name of a character linked to the island's history, who helped create the myth that still lives on in the collective imagination. Despite the central location, privacy and tranquillity are guaranteed. The island's major attractions are only a few minutes away from the hotel. The lush park beckons with seating, sun loungers, hammocks and many cosy corners to enjoy the Mediterranean sky with its intoxicating colours. The wellness area consists of sauna, steam bath, multi-sensory shower and infinity pool with hydro-massage jets. The STAI SPA is designed to purify the skin, reactivate the blood circulation and stimulate the immune system. The cuisine of the Ziqu restaurant is based on traditions and combines local aromas and flavours with the innovative and creative touch of our chef. To be always attentive to quality means to have respect for the guests. Respecting seasonality means loving your own work and your own land. Giving free rein to instinct and creativity means giving space to passion. Each dish combines traditional
