DOMIZILE REISEN

North Island is located in the north of the Seychelles archipelago in the Indian Ocean and is a secluded, exclusive private island. North Island Resort on the 200 hectare island offer the ultimate barefoot luxury and is a true paradise with pristine white sand beach and turquoise ocean. North Island Resort houses a total of only 11 villas with direct access to the ocean. Each villa is designed to blend harmoniously with the natural vegetation and is completely secluded. All villas thus ensure exclusivity, relaxation and absolute privacy and have magnificent sea views. The villas have all been individually handcrafted by Seychelles and African artisans from wood, local stone and glass, with thatched roofs. They have been raised over a meter from the ground to capture the cooling sea breeze and complete the special design. The villas are open plan in design. Handcrafted furniture and fixtures create a perfect, harmonious blend of rustic, curved shapes and refined design elements. Each villa offers spacious lounge and dining areas, a well-equipped kitchen, a private pool, entertainment systems, large bathrooms, one or two bedrooms and a home cinema.

North Island Resort offers culinary delights at the highest level. Fresh ingredients from the hotel's own island garden are the basis for delicious menus, which can be served either in the villa or at their favorite spot on the island. In addition to a spa area, guests can enjoy many activities such as diving, snorkeling, kayaking, stand up paddling, excursions and much more. Also, there are activities specially designed for families.
