This estate is located in prime position amongst other luxurious villas near the lighthouse on the Peninsula of the exclusive village Portofino. A private elevator connects the port with the pedestrian road to the villas. The housekeeper will welcome the guests at the port. From the elevators's exit it is only 300 m walking distance to the holiday villa. From here guests have spectacular views of the sea. The cool construction of the bungalow, which is situated on the hillside, is compensated by the spaciousness of the rooms. The utility rooms, which are situated hillside, are brightened through light wells. The large lounge with fireplace and the bedrooms face to the vast mediterranean garden and to the sea. Two spacious bathrooms are next to each other and they have common

access via a walk-in wardrobe. The interior of this holiday domicile is held completely in the style of the 70ties. The rooms in the souterrain are accessible only from the garden. A private swimming platform, sunbeds and parasols are at the guests disposal. It can be reached via steep stairs with approx. 120 steps. Daily service is included in the rental price. Driving a car in Portofino is a subject of it's own. We do not recommend to access the town with your car. One would rather park the car in Santa Margerita Ligure or in Rapallo. Upon prior notice, we will arrange the transfer by taxi or boat. The custodian will of course assist with the luggage. A prestocked refridgerator as well as shopping of the groceries can also be arranged, if required.
