Costa dei Gabbiani, also called the coast of the herring gulls, is a green, unspoiled plateau at the south-eastern end of the island of Elba. The holiday village is located in the heart of this plateau. 450 hectares of forest cover the slopes reaching down towards the sea, where private beaches are at the disposal of the guests of Costa dei Gabbiani. This part of the coastline is 12 km long, and small beaches and bays alternate with steep cliffs. The holiday village offers a vast variety of accommodations: an old mansion, which has been transformed into a small hotel, several apartments, that are located in the so-called "fattorias", and different villas, which are spread throughout the stone pine forests. All rooms of Villa degli Eucalipti are located on one level. The spacious living room with fireplace has a large panoramic window with stunning views of the sea. The kitchen is fully equipped. On the terrace, there are a barbecue built of stone and a large dining table. The swimming pool (5 x 3 x 1.3 m) is situated below the terrace, and the pool deck is paved with teakwood. The distance to the reception and the tennis courts is about 1200 m.
