DOMIZILE REISEN

Villa Atas Ombak is built right upon an undisturbed area of Legian Beach. This comfortable vacation villa offers a stunning view across its superb lawns and scented frangipani trees, to the beach and the Indian Ocean beyond. In the local language, "atas ombak" literally means „above the waves“ and the sound of the ocean indeed fills every room of the villa.

The Villa Atas Ombak has an ocean front swimming pool and a sun deck with white sun umbrellas and loungers, surrounded by palm trees and a piercing blue sky. Besides being a great holiday destination, the villa is also a perfect setting for wedding parties and other festive events. The master bedroom offers smart furnishings, a refreshing outdoor shower in a private, walled garden and an adjacent open-air plunge pool. From the upstairs' guest bedroom, a L-shaped terrace convinces with wonderful elevated views across the gardens and ocean. Tucked away in a far corner of the garden the two bedroom guest bungalow is located. Each bedroom has sliding windows instead of walls, perfect for sunset lounging. There are three baby cots available. The perfectly trained staff is looking forward to take care of the guests.
