These delightful vacation villas are situated on a hillside in Grenada, amidst the tropical trees of a hidden garden. Every villa is oriented to have sea views whilst also being set amidst lush gardens, planted for maximum privacy and delight. The garden's tropical flowers and fruit trees attract butterflies, hummingbirds, bananaquits, white egrets and the occasional hawk. The two acres of hillside land on which the Grenada Dream holiday resort sits comprises of 5 two-bedroom villas with a sleeping capacity of 4 persons and 2 one-bedroom villas with a sleeping capacity of 2 persons. From the villa's decks the Aquarium Restaurant and bar on the beach is one minutes' walk away. All villas are artistically decorated and all unique, with enchanting murals and hidden delights for the eye to slowly reveal. The fully landscaped tropical garden has an infinity-edge swimming pool overlooking the beach and a central rock waterfall feature with a terrapin pond. The one-bedroom suite-villas have a bedroom with a four-poster king size bed and an upholstered „love seat“ from which one has stunning views through the panoramic

bay window. The interior of all holiday homes is very elegant and provides all kind of amenities one can expect. There is air condition in the whole house and almost all windows are mosquito screened. The highlight of the villas is their terrace: there are bamboo privacy screens and covered seating areas, and all decks provide a private jacuzzi from where one can enjoy an overwhelming view over the gardens and the sea. Sunbeds and kayaks are available at the beach, beach towels can be found in the villa. Various supplemental amenities, such as painting courses, a private cook, massage, private yoga teachers or a cooking lesson are on offer. So one has the possibility to tailor-make his holidays on Grenada.
