Costa dei Gabbiani, also called the coast of the herring gulls, is a green, unspoilt plateau at the south-eastern end of the island of Elba. The holiday village is located in the heart of this plateau. 450 hectares of forest cover the slopes reaching down towards the sea, where private beaches are at the disposal of the guests of Costa dei Gabbiani. This part of the coastline is 12 km long, and small beaches and bays alternate with steep cliffs. The holiday village offers a vast variety of accommodations: an old mansion, which has been transformed into a neat, small hotel, several apartments, that are located in the so-called "fattorias", and different villas, which are spread throughout the stone pine forests. Perched on the cliff, this slanting-styled holiday home blends perfectly into the landscape. Its broad windows open onto the pinewood and the sea, where the islands of Montecristo and Pianosa seem to be "afloat" on clear days. The spacious villa sleeps 10 (8+2) people.
