

GROOTBOS GARDEN LODGE

South Africa | Cape Region | Walker Bay, Gansbaai

Very comfortable and child-friendly lodge for an holistic experience of nature.

4 persons | 2 bedrooms | from 990 to 1.740 EUR / day

11 Suites (Cottages) – 3 Family Suites with 2 bedrooms (for max. 2 adults + 3 children) - 8 Luxury Suites with 1 bedroom - 1 restaurant - 1 bar/lounge - 1 shared pool – terraces - children of all ages welcome

1-2 bedrooms - 1 bathroom with tub/shower/WC - floor heating in bathrooms - outdoor shower

Carefully nestled in the natural environment of Milkwood Forest, each of the 11 detached suites are tastefully decorated. They all offer a luxurious tester bed, a spacious bathroom en-suite, a separate living room with cosy fireplace and a private sun terrace with spectacular views. The luxury and comfort of all suites, the soothing sound of nature and the view of the twinkling ocean, bordered by indigenous Milkwood trees, make a holiday in Grootbos a truly relaxing and extraordinary experience. You will wish you could stay forever. The curved lines, high beamed ceilings and endless windows enhance the sensation of light and freedom. Fashioned from stone, thatch and timber, the Garden Lodge reflects African warmth with an intercontinental twist, blending perfectly into the surrounding. You can make full use of the incredible sweeping views across mountain and sea. An elegant restaurant, spacious lounge, beauty salon, library and children's entertainment room ensure that all needs are satisfied. The wooden deck, terrace and superb pool area extend the interior space into the outdoors allowing sun seekers and nature lovers to make the most of the rejuvenating environment. The beautifully kept horse stables

DOMIZILE REISEN

and outdoor play area with rabbits, ducks and other friendly farm animals provides children with hours of entertainment and facilitated educational activities.

With your decision to stay in Grootbos Forest Lodge you contribute to the sustainable development. Donations and revenues from tourism are invested into important development projects and key conservation.
