This beautiful private Riad belongs to a luxury Hotel called La Villa des Orangers which is part of the Relais & Chateaux chain. Due to our exceptional contact to this hotel we are allowed to not only offer the hotelrooms and suites but especially can offer this private riad to our clients. Until 1998 the Riad was owned and lived in by a well known moroccan business man. At this time it was detected by a parisien couple, Pascal and Veronique Beherec who fell in love with the property and bought it. This couple already owns two hotels in Paris, so they knew exactly how to renovate and style this beautiful Riad. Only local craftsmen, artists and interior designers were hired to renovate and furnish the hotel. The hotel has 27 rooms and suites that have been tastefully equipped with the most precious textiles and furniture in the traditional moroccan style. From the suites the guest has a breathtaking view of the atlas mountains. There is a big shared pool for all guests which is 16 meters long. Of course there is a

small SPA and a gym available for all guests. There are three spacious living areas with a fireplace that can be used by any hotel guest.

The private Riad has its own private pool that is situated in the patio of the house. Here the guest can sunbathe in complete privacy or relax under the shady banana palm trees. In the spacious living area there is a cosy fireplace and the guest has access to the private terrace. The private Riad has no kitchen because the guest can use all the hotel facilities and restaurants. The breakfast and a light lunch are included in the rental price. On the first floor of the Riad there are two big double rooms with en suite bathrooms. One of the rooms has access to the private roof top terrace.
