## DOMIZILE REISEN

Thanda Island is a private luxury island for exclusive use, featuring a large villa with 5 suites for up to 10 adults and 9 children. Beach house romance, nostalgia and East African elegance personify the villa on Thanda Island, designed for a perfect summer in coastal whites, greens and blues. The owners of Thanda Island, Christin and Dan Olofsson, a Swedish philanthrope couple, built the villa as their own discreet, sumptuous retreat and private playground.

Thanda Island offers various dining options and places including romantic beach dinner, bonfire or picnic on the sandbank. Its cuisine is fresh, delicious and customised to the guest's palate: seafood and tropical fruits, local dishes and a lot more can be found on the menu.

Guests have a superb choice of water and marine activities, island adventures and excursions. Highlights certainly are diving with whale sharks and dugongs, snorkelling at the private coral reef, visiting villages at Mafia Island, safari-excursions to Selous Game Reserve at Tanzania mainland or trips to Sansibar and Dar es Salaam. Thanda's team is partnering with the Tanzanian Marine Parks and the leading non-profit organisation, Sea Sense, on a range of marine conservation and education programmes in the region. Minimum stay 3 to 7 nights depending on season.
