Ground floor: 1 living room with open fully equipped kitchen - Sat-TV, Stereo system and DVD-Player – 1 Double bedroom – 1 bathroom with shower/WC

Villa El Lugar lies in the unspoiled north-west of the island of La Palma, newly built for two persons on a huge sloping site with infinite ocean view and in absolute solitude. Impressive is the fascinating view of the Atlantic and the unique infinity pool giving you the feeling as if you are swimming in the Atlantic Ocean.

The villa has a modern and tasteful architecture. High ceilings and large glass doors assure a luminous inner atmosphere and open to the the frontal ocean view, leading directly to the lovingly equipped terraces surrounding Villa El Lugar. These surrounding terraces also offer several different corners around the villa, where you may spend peaceful time.

The bathroom is luxurious and tastefully decorated. A modern central heating and the open fireplace give guests also the opportunity to enjoy the villa on cooler evenings in a cozy and pleasant atmosphere. The modern interior decoration of Villa El Lugar was selected by the owner, attaching a lot of love for the details.

DOMIZILE REISEN

Because of the north-west location, the sunsets here are a unique experience. Villa El Lugar is an ideal retreat villa not only for those who seek peace and rest but diversely also for La Palma lovers who adore wandering, hiking and explore the beauties of this unspoiled star of the Canary Islands. Numerous hiking trails begin in the immediate vicinity. Last but not least the villa is also ideal for Honeymooners.

We recommend renting a car. The village of Puntagorda with shopping, bars and restaurants can be reached in 5 to 10 minutes by car. The dark sandy beaches of Tzacorte are about 30 minutes away.
