Grotta Giusti has a perfect backdrop for an authentic Italian experience in Tuscany. Located in Monsummano Terme, between Florence, Pisa and Lucca, this spa resort was originally the 19th century country home of the Tuscan poet Giuseppe Giusti. After several upgrades and renovations, the majestic villa is one of the most popular resorts in Tuscany. The beautifully frescoed halls are adorned by antique furniture and paintings. Each of the 58 double rooms and 6 junior suites feature exquisite details, such as the precious white marble bathrooms with running thermal water. From rooms guests can directly access the large outdoor thermal pool, with its spectacular waterfall and 40 hydro-massage stations, as well as the Bioaquam® thermal pool that stays at a natural temperature of 34° C, the children's thermal pool, the summer pool, and the ancient thermal cave. The wellness centre includes a fully equipped fitness room, relaxation areas, a thermal beauty centre and a range of oriental medicine treatments. Immerse yourself in the warm, restorative waters of the large thermal pool or simply enjoy a natural massage provided by the powerful, spectacular waterfall. The thermal grotto is a natural paradise where guests can enjoy the luxury of a healthy detoxifying steam bath or immerse in a unique scuba diving experience in the thermal lake. **Experiences:** Visit famous cities like Florence, Lucca, Siena, Pisa and Pistoia - Explore the charming village of the author of Pinocchio - Carlo Collodi.
