Villa Cala Ferrera was newly built in 2013 on one of the most beautiful plots of the island in a slightly elevated position. Several themed terraces on different levels descend directly to the sea. Villa Cala Ferrera has private access to the sea and a berth for up to 25-meter yachts.

This exceptional luxury villa is spacious, stylish and ultra-modern, flooded with light and equipped with large panorama windows and all technical refinements. Most rooms offer a magnificent view of the bay and the turquoise sea.

800 sqm living space, three floors including roof terrace, 5 double rooms as well as a master suite which can be booked additionally guarantee highest comfort and luxury.

The ancient, 1,000-year-old olive tree in the atrium of the living/dining area creates a successful symbiosis between typical local elements and the clear, modern lines of the villa. The 25 m long window of the living/dining area can be lowered into the floor at the touch of a button, creating a borderless transition between the interior and exterior.

Here, guests can sunbathe and relax on a property of more than 4,200 sqm with rock waterfall, lagoon pool and extensive gardens.
