## DOMIZILE REISEN

as the perfect service of a luxury hotel. Floating Villa Goldfinger offers a lot of space to of move due to its catamaran design. Up to six guests can stay overnight. Large windows and transparent sliding doors simply and effortlessly open up space, thus enhancing the experience of the vastness and richness of the sea. The luxury yacht is thoroughly planned and designed with attention down to the last detail. The fragile elegance of an Yves Saint Laurent and the lively power of a James Bond have been artfully combined. Shiny surfaces of gold, bronze, orange, brown, China red, cognac, beige, turquoise and blue in a mix with handmade walnut wood, leather and metal appear modern in a retro-melancholy way.

Floating Villa Goldfinger extends over two levels and has 160 sqm. On the upper deck is the 80 sqm Flying Bridge, the heart of the powerboat. A bar, a dining table for up to twelve people and a spacious lounge area create a beach club atmosphere. The lower deck is rounded off with 4 cabins, each with its own bathroom and oversized window fronts and sliding doors giving the impression of a spacious loft.
