Marrakech is a city of many faces and contrasts: vibrant art and culture, world-class golf courses and fashionable nightlife, alongside spiritual mystique, beautiful gardens, Andalusian architecture and traditional souks.

The Oberoi Marrakech is nestled within 13,000 square metres of beautifully landscaped gardens full of Mediterranean orchards of fragrant citrus fruits and centuries-old olive groves, and offers spectacular views of the snow-capped Atlas Mountains. The international airport, the medina of Marrakech with the central market place Djemaa El Fna and the old city wall can be reached within 25 min. The authentic architecture of the 5-star hotel The Oberoi Marrakech is inspired by the palaces of ancient Morocco. The courtyard of the main building is modelled on the design of the historic Medersa Ben Youssef, built in the 14th century and one of Marrakech's most famous monuments.

The Oberoi Marrakech offers 84 spacious and luxurious suites and villas of different categories, designed in authentic Andalusian style. The layout and architecture is thoughtfully planned to ensure maximum privacy. The villas and suites are furnished to a high standard and most have a private pool and garden.

The hotel's wide range of culinary delights includes restaurants serving authentic Moroccan and international cuisine, poolside restaurant and a bar.

Individual wellness treatments, and an appealing leisure area for children are complemented by warm hospitality and ensure an unforgettable experience.
