DOMIZILE REISEN

Basement level: Underground parking - lift - laundry room - technical and storage rooms

Villa Sphere Ovest is one of five exceptional luxury villas designed by star architects David Chipperfield, Richard Meier and Marc Mark. They are part of the exclusive Lake Garda Eden Reserve and offer the perfect hideaway for a stylish yet relaxing place of well-being on Lake Garda. All villas are characterised by a high degree of privacy, paired with the luxurious comfort of a renowned 5-star hotel and magnificent views of the lake. Each villa is unique in terms of design and furnishing, creating an exquisite atmosphere of luxury and charm.

The spacious Villa Sphere Ovest overlooks Lake Garda with stunning views and is just minutes away from the charming village of Gardone Riviera. Large window facades allow the landscape, characterised by olive groves and cypresses, to make its way into the interior. The result: a harmonious picture of natural colours and stylish design elements.

Villa Sphere Ovest adopts the classic U-shape of bungalow-style villas. The two side wings flank the pool and open onto the 500 sqm terraced landscape and Lake Garda. The cross wing accommodates the living area on the ground floor and three of the bedrooms on the upper floor to provide lake views from here as well. Two further bedrooms are located on the lower garden level.

The sophisticated arrangement of the villa thus appears airy and relaxed, with clear lines; it is flooded with light through many glass surfaces. The villa is furnished with elegant and stylish designer furniture. The combination with concrete and travesty natural stone from the region underline the balanced and elegant ambience. The villa was designed by the renowned Austrian architect Marc Mark.

Breakfast, one other meal and cleaning service are included; on request, a personal butler and private chef can be organised for guests during their stay.
