reached, one with a comfortable sitting area, the other one with a dining table. Due to the holiday villas location on a hillside all bedrooms are on the lower floor. Thus, they are comfortable in summer without needing air conditioning. Below the pool, there is a newly built pool suite with own terrace and separate entrance featuring an open living area with fridge and sleeping area with double bed. For two families or a group of friends wanting to have privacy, Spiti Hera can be rented together with Spiti Krios which is next door, just separated by a high hedge and a gate.

The next beautiful sandy beach Marcello can be reached in even less than 5 minutes by car. There are several tavernas and guests can rent loungers and sunshades. During summer season there is a shuttle boat from Krios to Parikia. Thus it is not necessary to drive around the bay for shopping or having dinner. Nevertheless, it is recommended to rent a car in order to discover the beautiful island and its sights.
