Here, one has a beautiful panorama overlooking the sea in front and to the White Mountains of Crete behind. The villa is a unique and comfortable vacation home. It has a heating system and can also be rented in spring and fall, when the peaks of the White Mountains are still covered with snow and yet the sun invites guests to enjoy living outside. There is a spacious terrace and a sunflooded pooldeck. Right next to Villa Zeus lies Villa Aphrodite with its own garden and pool. A selection of books, magazines and CDs (traditional, international and classical) is provided.
