Villa Sagara is part of a collection of three boutique, privately owned holiday homes located just 90 minutes from Colombo on the exceptionally beautiful southwest coast of Sri Lanka. Perched on the edge of a secluded beach near the small town of Induruwa, the villas enjoy an unrivalled, uninterrupted view of the Indian Ocean. There are three elegant two-storey villas which can be rented separately or together and comfortably accommodate up to 18 guests. In front of the villas is a stunning lap pool with steps leading to a shallow section on one side, which is ideal for children. Villa Sagara disposes of three suites, two of which are located on the first floor and one on the ground floor. They all have an ensuite bathroom with shower/WC. The bedroom on the ground floor also has an outdoor shower. In front of each suite, there is a balcony or a terrace which provides

fantastic views of the Indian ocean. The garden in front of the villa passes directly into the beach. The vacation villas have luxuriously appointed interiors, generous living and dining spaces, private kitchens, spacious balconies and master suites with oversized ensuite bathrooms. While the villas are equipped to cater to the expectations of modern living, much of the design is based on traditional Sri Lankan homes. High vaulted ceilings, tall louvered doors and windows shading large open spaces provide wonderful ventilation and allow the cooling ocean breeze to permeate the property. The villas have their own, well-trained English-speaking staff in residence so that guests may completely relax and feel at home. Special requests will happily be responded to in every possible way, for example, babysitting can be arranged. Breakfast will be served in the villa. On request, a table may be set up outside the living spaces in order to enjoy a special, intimate dinner at extra charge. The staff is happy to arrange transport to and from the airport. Given advance notice, they will also help arrange day trips to other destinations.

For citizens of the EU, a visa is required for entry to Sri Lanka. This should be applied for in advance as "Electronic Travel Authorization" (ETA) in the online procedure at [eta.gov.lk](http://www.eta.gov.lk/sivisa/). Please inform yourself about the entry requirements before your trip.
